TOGETHER
WE ARE
BUILDING
NEW LIVES

OUR MISSION:

HomeAid Southern Nevada strives to build new lives for Southern Nevada's homeless through housing and community outreach. With each project we complete, it is our goal to bring safe, clean and dignified housing options to those who desperately need it.

OUR STORY:

HomeAid Southern Nevada is a 501(c)(3) nonprofit organization that provides safe and dignified housing for the homeless with participation and support from the Southern Nevada Home Builders Association and related professional trades partners. As we complete new build and renovation projects, HomeAid Southern Nevada works to foster collaborative relationships among community partners to provide homeless adults and children with housing, food, clothing and case management.

Founded in 2004, HomeAid Southern Nevada is sponsored by the Southern Nevada Home Builders Association (SNHBA). Since opening its doors, more than 95,000 square feet have been renovated, and more than 1,500 homeless children and adults have been served.

Our success is the result of great efforts by countless home builders, trade partners, community partners and volunteers dedicated to the cause of ensuring the most basic necessities for the vulnerable homeless men and women, including veterans, and children in our community.

MAKING A DIFFERENCE:

HomeAid Southern Nevada has:

- ✔ Completed 23 housing projects, providing more than 200 beds
- ✔ Constructed over \$3 million worth of real estate
- ✔ Orchestrated over \$2 million in in-kind donations to these projects

We carry out our mission through:

- ✔ Shelter build projects
- ✔ Outreach programs: Care Days and Back to School Success Drive
- ✔ Education and awareness in the community

Often times, the homeless are a forgotten population. With generosity of supporters like **YOU**, we are able to help many organizations expand their operations and continue to provide additional beds and serve more people in our community.

FEATURED BUILD PROJECT:

BEFORE

AFTER

485 CALCATERRA CIRCLE
